The First American Indians. According to Kith, the American odian in all his varieties, is a descendant from the primitive Mongolian type. There is a theory advanced by Payne that in some remota period the progentor of the Indian came to this contigent from Asia over a bridge of land that existed in prehistoric times where the Behring sea now is. Another theory, championed by Dawkins and Brinton, assumes that the originals of our native stocks came from Europe, probably by way of Iceland.
